APPLY NOW

AM / Associate – IAM Analyst (Networks/Database)

JOB ROLE & REQUIREMENTS:

- Manage user access lifecycle activities, including provisioning, modification, de-provisioning, and entitlement management across systems and applications.
- Monitor and administer Identity and Access Management (IAM) operations, including access requests, privileged accounts, Multi-Factor Authentication (MFA), Single Sign-On (SSO), and identity management services.
- Perform periodic access reviews and user access validations to ensure compliance with organizational policies, security standards, and regulatory requirements.
- Support the implementation, administration, and continuous improvement of IAM/IDM solutions and processes.
- Coordinate with technology teams to facilitate access approvals, resolve access-related issues, and ensure effective access governance.
- Maintain IAM records, reports, and documentation, and provide evidence and support for internal and external audit activities.

At 1LINK we believe in equal opportunity & inclusivity for all. We encourage our employees to live a healthy life & work to the best of their potential.

FOR EMPLOYEES TO GIVE THEIR BEST, WE OFFER:

- Flexible working options, including flexible hours
- Continuous training and development
- Quarterly bonuses
- Subsidized lunch
- Club facility
- In-person and online doctor consultations
- Education assistance
- Performance bonuses
- Carpooling incentive
- On-site gym
