

## **Title: Manager / Deputy Manager - Business Technology**

### **Job Role & Requirements:**

- Bridge between Business and Technology for swift delivery of 1LINK products.
- Engage in product enablement, track, and resolve challenges for onboarded members, while monitoring transactional performance to achieve budgeted numbers.
- Continuously analyse market behaviour to propose enhancements and updates for 1LINK products based on market trends.
- Collaborate closely with the business team for effective customer onboarding and product demonstrations.
- Gather and translate customer requirements into Business Requirements Documents (BRD/SOW) for advancing existing 1LINK products.
- Conduct internal sessions for product presentations, draft SOPs, and external product documents as required.
- Understand organizational culture and manage projects to meet business goals.
- Conduct technology advisory sessions for internal and external stakeholders.
- Initiate new projects and lead end-to-end monitoring before and after project implementation.
- Ensure optimal utilization of existing system platforms and their integration with new systems.

*At 1LINK we believe in equal opportunity & inclusivity for all. We encourage our employees to live a healthy life & work to the best of their potential. For employees to give their best, we offer:*

- ① Modular working options such as flexi-hours
- ① Continuous training and development
- ① Quarterly bonuses
- ① Heavily subsidized lunch and gym/club facilities
- ① Employee educational support
- ① Performance bonuses
- ① Carpool incentive
- ① On premises gym facility
